- Individual Needs

International assignment, qualified specialist, studies, education, family reunification, or any other individual reason – *CS Immigration Relocation* guides through the jungle of regulations and procedures and assists with [visa, work permit and residency](#) issues depending on the purpose of the stay.

The appropriate living environment, needs-based surroundings assessment, and correct registrations with the necessary public and private suppliers are mandatory, but can be difficult in view of complexity and language barriers. *CS Immigration Relocation* offers consulting and support with [Housing and Relocation](#), such as:

- finding furnished apartments, short-term lease, or any other type of accommodation
- reviewing lease agreements and landlord confirmations, formal handovers and contractual changes
- health care
- schooling and education
- language courses
- social environment and infrastructure

Not only a number of steps need to be taken, but a number of documents need to be provided, depending on the purpose of the stay and personal circumstances. Within the scope of [Document Services and Related Services](#), *CS Immigration Relocation* works with German authorities where appropriate and assists with the translation and recognition of official documents and certificates when and where necessary. Services include:

- Translations by certified translators
- Authentications
- Recognition of (university) degrees
- Recognition of driver's licenses
- Support with local authorities
- Social Security issues

**Individual Brexit Consultation:** the relationship between the European Union and the United Kingdom needs clarification. Individual circumstances determine the options and the best approach in each case.

*CS Immigration Relocation* supports UK citizens and dependents travelling to or residing in Germany regarding all necessary steps to take.

**Whatever the reason that brought you or your employee to Germany - we wish a pleasant stay!**
